CENTRAL INTELLIGENCE AGENCY

## REPORT NO.

CD NO.

DATE D'ISTR. 18 September 1949

NO. OF PAGES 1

PLACE  
ACQUIRED  25X1

NO. OF ENCLS.  
(LISTED BELOW)

DATE OF INFO.  25X1

SUPPLEMENT TO  
REPORT NO.

THIS IS UNEVALUATED INFORMATION

25X1

1. Location: Near the RIGA Main RR station, on the main street.
2. The plant, formerly a textile plant, was housed in a six-story brick building; production space, about 300 sq.m.
3. The plant was equipped with the machinery of the former BERLIN Loewe Firm.
4. work force: Three hundred PWs, including some German graduate engineers and accountant clerks formerly employed in BERLIN.
5. Production: Thermometers, barometers, all the meteorological instruments required by meteorological stations, and anometers for airfields.

Comment: The data are considered correct. In a previous report it was mentioned [redacted]

[redacted] that a factory for the production of aircraft instruments was being set up in the eastern sector of RIGA town center and installed with German machinery and staffed with German technical personnel. Details on the plant are not available.
